

SLAYER OF BAFF UNCAUGHT 10 DAYS AFTER SHOOTING

(Continued from First Page.)

most important witness yet discovered. So important is he that the detectives are concealing his name, fearing efforts to intimidate him might follow its publication.

This bank clerk was so close to the large gunman that he could have tripped him up. He got so good a look at the murderer that he is positive he could identify him if he is arrested.

All the five bank clerks also got a pretty good look at the murder car as the gunmen leaped into it and it sped away. They have given the best description of the car yet offered and their reading of the first two numbers of the plate tallies with that of the piano truckmen whose motor truck was drawn up at the curb directly behind the automobile in which the murderers got away.

Though the search for a car with only the two first digits of its license number known might appear hopeless, Headquarters said to-day that the determination of the car's foreign make and its rather unusual color limited the search somewhat. Every one of the 999 registered whose first two numerals tally with those on the murder car is being looked up.

Several good "leads" in the matter of tracing the car have been discovered, was the assurance at Headquarters to-day.

Shortly after noon Police Commissioner Woods visited the Criminal Courts Building and was in consultation with Acting District Attorney Delehanty for half an hour. When he came away from the latter's office he said:

"Nothing to announce. We are simply getting nearer the solution of the problem and expect definite action very quickly."

NAME WOMAN AS HEAD OF ORPHAN ASYLUM

The directors of the Leake and Watts Orphan Asylum at Tonkers announced to-day the appointment of Mrs. Charles H. Johnson as superintendent. She is the wife of Charles H. Johnson, who resigned the superintendency of the asylum to become Deputy Warden of Sing Sing.

When Mr. Johnson took charge, a year and a half ago, there were 150 children under his care. By a system of placing the orphans with families for adoption he reduced the population of the home to fifty children, and it is expected that within a year all these little ones will have been placed in good homes.

This will mean the abandonment of the Leake and Watts Orphan Asylum as an institution for the care of orphans and the sale of its property, which is worth, approximately, \$1,000,000.

The work of placing orphans in homes for adoption will be carried on, however.

Attributes Health To Duffy's

MR. RUBIN KRAKOWER

The stomach is the distributing point of the human body. From it we get our blood and strength. Hence it is important that it be kept in a healthy condition. The beneficial results obtained by the judicious use of Duffy's Pure Malt Whiskey in the treatment of stomach complaints has been testified to by many grateful people. Here is another man who attributes his present good health to Duffy's Pure Malt Whiskey.

Duffy's Pure Malt Whiskey

taken as directed before meals stimulates the mucous surfaces and little glands of the stomach to healthy action, thereby improving the digestion and assimilation of the food and giving to the body its full proportion of nourishment. With perfect digestion no fermentation can take place and no disease germs can be generated. This is the secret of Duffy's Pure Malt Whiskey in prolonging health and vitality.

"Get Duffy's and Keep Well." Sold by most druggists, grocers and hotels. If they can't supply you, write to Medical booklet and doctor's advice and if you write.

ITALIAN OFFICERS HERE TO BUY ARMY HORSES

Three Are Commissioned to Purchase 12,000 in United States and South America.

Col. Alfredo Pagliampli, Capt. Joseph Lapdini and Capt. Michael

Maggi, officers of the Italian army, were passengers on the Regina d'Italia, arriving to-day. They are commissioned to buy 12,000 horses for the Italian cavalry and artillery. The officers said the Italian army usually drew on Hungary and Ireland for its supply of horses, but like every other nation in Europe, was now obliged to turn to the United States and South America. They anticipated keen competition from representatives of countries at war. There are now orders in the market for the purchase of 60,000 horses for Europe.

BREWER ENDS LIFE.

Julius Schermann of the H. B. Schermann Sons Brewing Company shot and killed himself today in his home, No. 101 Lewis Avenue, Williamsburg.

He was forty-six years old. Ferdinand Schermann, a saloon keeper of No. 257 Delaware Street, who had been his lifelong friend, died yesterday after a short illness. Schermann brooded over Schermann's death all night, and when his wife called him to the breakfast table to-day he slipped into the bathroom and shot himself. Physicians of the neighborhood were called, but he was dead when they arrived.

ELECTRIC SHOCK HURLS WORKMEN OFF GIRDER

Big Steel Beam Strikes Charged Cable and Resulting Flash Burns Three.

Workmen employed by the Terry & Tench Company, engaged in third

tracking the Fulton Street "L" at Rochester Avenue, Brooklyn, swung a girder against a cable charged with electricity from the third rail to-day. Three men riding on the girder were burned by the resulting electric flash and were thrown to the street. Charles Heilly of No. 174 Marion Street sustained a fracture of the right arm. Albert Anderson of No. 433 Forty-second Street, and D. M. Hurtt of No. 112 South Elliott Place

suffered scalp wounds. All three were taken to St. John's Hospital. Waiting Delegate Is Held. Samuel Dudek, waiting delegate of Bakers' Union Local No. 305, was arraigned before Magistrate Corrigan in Centre Street Court to-day on a charge of extortion made Nov. 20. Wholesale bakers who said that he had used his union office to threaten them with the destruction of their wares and interference with their deliveries unless they paid tribute to him. He was held for the Grand Jury in \$15,000 bail.
